5

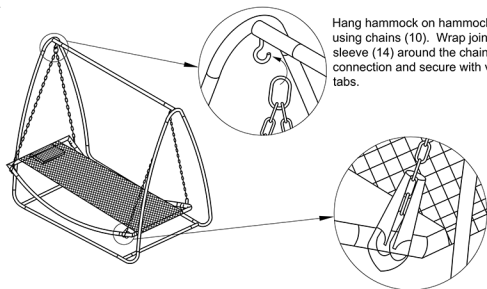

Slide poles (8) through textoline fabric (11).

6

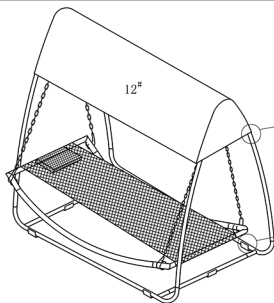

Attach curved poles (7) to bed end connectors (9). Complete bed frame construction by attaching poles (8) to bed end connectors (9). Attach chains (10) to bed end connectors (9).

7

Hang hammock on hammock frame using chains (10). Wrap joint sleeve (14) around the chain/frame connection and secure with velcro tabs.

8

Complete the assembly by adding the cover (12) and the plastic pads (13) where indicated on the diagram.
